

Mission 7: *Heretic*

Starting Objectives

<i>Find out where the Major is being kept</i>	
Solution: Listen to the conversation in the NE area of the Pillar Crypt.	
<i>Free the Major and get him outside the Monastery</i>	
Solution: Leave the monastery via the secret passageway in the crypt level.	
<i>Don't leave the Monastery too soon</i>	
<i>Get at least 2000 from the monks</i>	Optional

Triggered Objectives

<i>Learn the correct bell signal. There is probably a list of all possible signals somewhere.</i>	
Trigger: Read the scroll outside the prison cells in the West Wing.	
Solution: Read the green book in tall bookcase in the Archive.	
<i>Toll the correct bell signal for extra prayers to make the doorman leave the prison. It is the only way to get inside.</i>	
Trigger: Read the scroll outside the prison cells in the West Wing.	
Solution: Play the organ in the Bell Tower once you have fixed the organ.	
<i>The system of bell tolls is out of order. You need to fix it</i>	
Trigger: Attempt to play the organ in the Bell Tower after you have received the objective to toll the correct bell signal.	
Solution: Replace the broken fuse with a good fuse.	
<i>Maybe you should help Morra escape from the Monastery. Mark the secret door in the basin with a piece of chalk. But you must do it now because you shouldn't be distracted when saving the Major.</i>	Optional
Trigger: Read the scroll shoved under the door after you are locked into the monastery baths store room.	
Solution: Mark the secret door in the basin where you entered the monastery with chalk.	
<i>It seems impossible to leave the Monastery by the same route. Find another way out</i>	
Trigger: Return to where you entered the monastery in the basin after hearing Morra's story in the cells.	
Solution: Leave the monastery via the secret passageway in the crypt level.	
<i>You have never managed to get so high before!</i>	Bonus
Solution: Mantle up onto the top of the brick hub at the top of the Cathedral Spire.	

Note: If you did not collect the map of the monastery in Mission 3: Spy you are strongly advised to load an old save of that mission and collect it, then just Ctl-Alt-Shift-End all the way back to the beginning of this mission, without it you will have a very much harder time completing this mission.

Hints + Solutions

Where's the Major?

Listen to the conversation between the Abbott and the Mechanist in the Pillar Crypt to find his location.

How do I get to the Bell Tower?

Go through the east door of the Cathedral upper level walkway, go past all the flying buttress' on the Cathedral roof, you'll find it from there.

How do I get to the Cathedral Spire?

In the Bell Tower rope arrow up to the high planks, head through the door by the NE railings.

I'm locked in the storage room of the monastery baths, where's my square lockpick disappeared to?

Once you've read Morra's scroll she slides it under the door.

I need some chalk to complete the Morra objective

Hospice.

Where do I chalk the secret passage?

Same place where you entered the monastery, in the basin.

What's the code for the safe in the Abbott's quarters?

The lamp in Morra's room gives you the answer, trouble is the key for her door is in the safe, so how else would you be able to see it? [See screenshot below for solution.](#)

I've got a Chimney Sweep key, what does it open?

A hatch door onto the roof, climb the ladder at the top of the spiral stairs from the Scriptorium.

How do I get into the high balcony above the altar in the Cathedral

There's a secret door amongst the flying buttress' of the Cathedral roof.

How do do get down to the Cellar level?

Spiral staircase, NE corner of Scriptorium, or spiral stairs SE corner of Refectory/Guest Hall.

How do I get to the West Wing

Need to destroy the barrels in the cellar.

But I don't have any explosive devices

Power barrel and fire arrow does it.

Where's the key for the West Wing when playing on expert?

You need to rope up through a window, you'll find one inside the West Wing.

The objective 'Learn the correct bell signal. There is probably a list of all possible signals somewhere' doesn't trigger.

It doesn't trigger if you have already read the book that reveals the bell signals.

Where's the organ?

Bell Tower, rope up.

When I try to play the organ Garrett says something about not want the play hurly burly right now.

You haven't triggerred an important objective yet, come back when you've been to the West Wing.

Where's the book that tells me the correct bell signal?

Archives.

Where's do I find a good fuse?

Check the Monastery baths.

I've got the objective to toll the bell for prayers and I've changed the fuse, but the organ still doesn't play.

Have you found the book that reveals the bell signals?

7 minute to get from the Bell Tower back to the West Wing, You've got to be joking!

It's possible to do it in just over 3 minutes if you take the Thieves Highway.

Where do I exit the monastery?

The Book of Legends in the Scriptorium tells you where to search.

I can't find the secret passageway in the Pillar Crypt

The coloured floor tiles are pressure plates, grab a couple of bodies, a door will open in the SE pillar.

Note: I found this door to be a bit buggy, I heard the door open but it remained closed, but opened after a couple of times removing the bodies and then putting them back on the tiles.

Keys		
Baths key	On monk who patrols between the guest hall and the garden area in the well courtyard.	all
Abbott's key	On wall by locked door leading out to south steps, crypt level.	all
